

2013-2015 Bus Shelter & Road Signage Project, Haining, China

In 2013 Jinke won the bidding of Public Transportation Development Project hosted by the city of Haining. From 2013 to 2015 we continuously supplied and installed bus shelters and road signs for this project, which covers 200 locations. The project was finished on time with great success.

Bus Shelter Project, Jiangshan District, Haining

Jianshan is a newly developed district. Jinke designed bus shelters exclusively for Jianshan according to its climate and overall environment.

2014 Qingtian Bus Shelter Project

The Qingtian Bus Shelter Project covers 121 locations. Jinke customized bus shelters into different sizes to fit the need of each location. All the shelters are able to display posters, and are estimated to have level 6 intensity seismic resistance.

Taizhou Daily & The Qingtian Press Billboard Project

Taizhou Daily and Qingtian Press started the Billboard Project to have more culture and charity related advertisements in communities. Jinke billboards has rust-proof framing. Their front sides allow 6 posters to scroll, and the back side would have a fixed poster.
